Intro – Em

Em
She was more like a beauty queen from a movie scene
                                                    Am
I said don`t mind but what do you mean I am the one
                                    Em
Who will dance on the floor in the round
            Am                                          Em
She said I am the one - who will dance on the floor in the round?

She told me her name was Billie Jean as she caused a scene
                                                        Am
Then ev`ry head turned with eyes that dreamed Of being the one
                                    Em
Who will dance on the floor in the round

  C                      Em
People always told me, be careful what you do
        C                          Em
And don`t go around breaking young girls' hearts
    C                          Em
And mother always told me, be careful who you love
        C                              B7
And be careful what you do `cause the lie becomes the truth, hey

Em                                                          Am
Billie Jean is not my lover - she's just a girl who claims that I am the one
                    Em
But the kid is not my son
                Am                          Em
She says I am the one - but the kid is not my son

For forty days and forty nights law was on her side
                                                    Am
But who can stand when she`s in demand her scenes and plans

```
                                           Em
`Cause we danced on the floor in the round
                        Am                                    Em
So take my strong advice: Just remember to always think twice
```

She told my baby we danced till three, and she looked at me
```
                                                            Am
```
Then showed a photo my baby cried his eyes were like mine
```
                                      Em
```
Can we dance on the floor in the round?

```
C                        Em
```
People always told me, be careful what you do
```
            C                                Em
```
And don`t go around breaking young girls' hearts
```
              C                                Em
```
But you came and stood right by me, just a smell of sweet perfume
```
        C                              B7
```
This happened much too soon she called me to her room, hey

```
Em                                                              Am
```
Billie Jean is not my lover - she's just a girl who claims that I am the one
```
                         Em
```
But the kid is not my son

```
Em                                                              Am
```
Billie Jean is not my lover - she's just a girl who claims that I am the one
```
                         Em
```
But the kid is not my son
```
                   Am                          Em
```
She says I am the one - but the kid is not my son
