Mississippi in the middle of a dry spell  
Jimmy Rogers on the Victrola up high  
Mama's dancin' with baby on her shoulder  
The sun is settin' like molasses in the sky

Bsus            B                    Asus            A  
The boy could sing, knew how to move, everything  
G                                    D  
Always wanting more, he'd leave you longing for

Am                                    D  
Black velvet and that little boy's smile  
Am                                    F                    C  
Black velvet with that slow southern style  
Am                                    D                    C7    B7                    Em  
A new religion that'll bring ya to your knees - Black velvet if you please

Em  
Up in Memphis the music's like a heatwave  
White lightning, bound to drive you wild  
Mama's baby's in the heart of every school girl  
"Love me tender" leaves 'em cryin' in the aisle  
Bsus            B                    Asus            A  
The way he moved, it was a sin, so sweet and true  
G                                    D  
Always wanting more, he'd leave you longing for

Ch  
Am                                    B7                    Em  
Every word of every song that he sang was for you  
Am                                    F                    C                    B7                    Em  
In a flash he was gone, it happened so soon, what could -- You do?
